DATE MAILED:

**Please find below and/or attached an Office communication concerning this application or proceeding.**

**Commissioner for Patents**

In a telephone conversation on 1/29/08, applicant noted that the office action of 8/20/07 did not take into account the preamendment to the specification filed with the application. As such the objection to the specification in the office action of 8/20/07 is not valid. As the change to the specification in the amendment of 12/21/07 is minor, the amendment is considered compliant. The examiner will act on the amendment in due course.
